*Re: objection by the Accountant General in
regard to the supply of information to the
L. A. Gardner*

Serial

Letter no. 964. / G. A. D. A. 12 Jan 57
from the A.G. regarding furnishing information
to answer during L.A. Session etc.

1) Chief Secretaries agree with
"Which are the questions referred
to him".

2) Two questions were referred to A.G.
from C.B. for furnishing the information
required for answering ~~the~~ them.
They are Q. no 190 and Q. no 27. Re Q. no
27. reply was recd. That the info may be
for in the sect itself. Reply has already been
sent to L.A. office for this question. Re. Q. no
190 reply from A.G. has yet been received but
draft replies have been proposed & the file is
put up to Chief Minr.

3) As a copy of this letter has already
been sent by the A.G. to all the Secretaries to Govt.
perhaps this may be filed as a direction issued
to all the Secretaries to collect the info. in the
sect itself with out reference to the A.G.
As far as possible.

4) Apart from the question
whether information could be compiled more
conveniently in the Sect. or in the A.G.'s
Office, the letter of the A.G. raises a
general issue whether he is right or
justified in withholding that information.

which was forthcoming so readily and unreservedly before 1.4.50, in making

belly assessments against Govt. for services of this kind rendered to them and in claiming the privilege of furnishing whatever information he may choose to furnish, on payment, at his own convenience, without reference to the requirements of Govt. Work connected with L. A. is being attended to by the normal staff in addition to their normal work which is by no means light. In the interests of Govt. work it may be necessary to ask the A. G. to adopt a more helpful attitude. It may also be desirable to know the locus standi of the Accountant-General of a State, in relation to the Govt. of that State, and his obligations to the local Govt.

5) The letter of the Accountant-General is for perusal. This is too provocative a letter and the least that can be done is to bring the un-helpful attitude of the A. G. to the notice of the Auditor-General. The letter is not marked Confidential, is freely circulated to all the Secretaries to Govt. and is bound to bring the Secretariat into contempt.

b) The Govt cannot but expect to have the assistance of the Accountant-General in furnishing answers to questions tabled for the Legislative Assembly. This should be forthcoming unquadringly and without question. On matters relating to compilation of statistics it is easier to have them compiled from audit books and they would in addition carry the weight of authority of the Accounts office. The A.G. seems to assume that he has no obligations whatever to the local Govt and that since he is no longer under the control of the Mysore Govt, he is at liberty to treat this Govt request with impunity. This must be checked at once in the interests of Govt work and with a view to maintaining the prestige of Govt. The A.G. need not give any guarantee about what he does, but he is bound to conduct himself in a way that is not derogatory to the position and authority of Govt.

14/ In his reply, the Accountant
General has stated that the information
being available from the published records
viz the civil list, he should not
have been addressed. The civil list
is not published up to date, and therefore
was not helpful in furnishing the
replies. Moreover, reference to castes
are omitted in the current civil list,
while they are asked for in the questions,
and these are available from the
Service Registers of the Gazetted Officers
which are maintained in the
Audit office.

15/ ~~However~~, the information is not
available in one branch of the Secretariat.
While the Confidential Branch deals with
questions relating to Gazetted Officers of
and above a certain ^{rank} ~~status~~, information
has to be collected only from other
branches. But so far as the
Accountant General's office is concerned,
there is one section, i.e. the R.A.D.,
section - which deals only with
questions relating to Gazetted Officers.

Serial
No.

This branch maintains the ~~Index~~ registers relating to the gazetted officers of all Departments. Hence the Accountant General would be in a better position to furnish the particulars, more easily and sooner also.

16) So far as the ^{particulars re} non gazetted officers are concerned, the communications were addressed to him in communications from Heads of Departments, and yet he has merely drawn reference to the common reply without furnishing the particulars required. While the particulars of the gazetted staff could be had ^{with some effort}, ~~with some effort~~ by a reference to all the administrative branches of the Dept, the particulars re the non gazetted staff are definitely not available at all, and it is the head of the Department who has to furnish these particulars.

17) The reply of the Acctl. General raises an important issue as to who is responsible to the Government of Mysore, for the administration of the Acctl. Department. The Accountant General is still the Head of this Department, and it is in fitness of things, that, he has to furnish the

Serial

particulars required of this Department,
 till such time at least, as the Accts.
 and the Audit Departments are
 bifurcated, and the Accountant General
 ceases to be a part of the Mysore Govt
 Administration.

19/ In the circumstances, the reference
 to him seems justified. As the Accts.
 General does not furnish the information
 relating to the working of the department
 in his charge, it is for consideration,
 as to who should be addressed if any
 information is required relative to Accts.

 to Mr. A. G. Wren, for reasons explained above,
 perfectly justified. Only, his unhelpful attitude
 taken by that officer is, to put it mildly,
 surprising. The business connected with his
 legislative business is of the utmost importance
 & to say his "his hands taken & his money
 spent may prove to be a waste," (what), if
 I may say so, a rather careless attitude to
 his business of that august body.

20/ The A/G has made another
 remarkable suggestion that his Mysore Govt.
 should be prepared to reimburse his cost
 of staff placed on Special Duty for his purpose.

Serial

I do not wish to comment at length on his novel
suggestion ~~it~~ except to point out how ridiculous it
would be for his Govt to demand such payment
for collecting information called for from by his

27) On point 1 of that letter I agree with him. If published documents like civil lists give the information, the concerned Br and not the A.G. should do the extracting. The information so extracted may be stated to be correct up to the date of the civil list or other published document relied upon. I think that this should apply not only to the A.G., but to all Heads of Depts.

28) This applies to point 2 also. After 1-4-1950 nothing of the caste against the name was given up. A list of appointments made since then as extracted above may be sent to the A.G., with a request to fill in the particulars of caste and that would be I think, complied with.

OFFICE OF THE ACCOUNTANT-GENERAL,
MYSORE,

D. O. No. 964/G. A. D.

Bangalore, dated 12th January 1951

Dear Sir,

Sub:- The Accountant-General being addressed in respect of information required to answer starred questions at the ensuing Legislative Assembly Session.

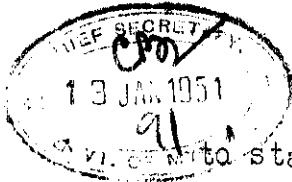

With reference to the subject indicated above, I write

to state as follows:-

During the last two or three days, I have been receiving letters from different branches of the Secretariat asking me to furnish detailed information in respect of questions asked by certain Members of the Legislative Assembly to be answered at the ensuing Session of the Assembly. Looking at the questions and the information sought to be elicited from my office, I wish to bring the following to your notice:-

(1) I should not have been addressed to furnish information which is already available in, and can be extracted, from published documents like the Civil Lists. The concerned branch of the Secretariat which has to supply the answer to the question will have to make the necessary arrangements to collect the information.

(2) Some of the questions want the Accountant-General to furnish information regarding the castes of officers. As the Mysore Govt. are aware, the inclusion of such information in the printed Civil List was abolished with effect from the Civil List printed on 1-4-1950. If information relating to castes is required for earlier periods, it should be obtained from the Civil Lists pertaining to those periods by

the concerned branches of the Secretariat.

(3) While I am ready to furnish any information that is not available in the records accessible to the Secretariat and can be extracted only from the records maintained in the Audit Department, it must not be forgotten that I can do so only in respect of such items of information as are kept in any one place or register and can be extracted without much difficulty. However, I see from the questions sent to me that the answers cannot be furnished unless a clerk is placed on special duty for this purpose and is made to collect the information from numerous Sections, offices, registers, etc. This will take weeks and even months. I regret it will not be possible for me to undertake this type of work unless the Mysore Govt. agree to reimburse the cost of the staff placed on special duty for this purpose. By the time the particulars are collected, the Legislative Assembly Session may be over and the trouble taken and money spent may prove to be a waste. In other words, I can give no guarantee regarding the time within which information can be furnished for replying to questions which necessitate a reference to numerous offices, sections and registers.

I am sending copies of this letter to all the Secretaries to Government for information and needful action. Individual replies to the letters received will be sent to them drawing their attention to this letter.

Yours sincerely,

M. Srinivasan

2) L.A. Question No. 31 (unstated) was sent to the Accountant General for furnishing replies. (Copy of O.R. dated 12.1.51 is placed below.)

It was felt that this reference to the Accountant General was "justified" because the required information related to the pre-integration period when the staff of the A.G.'s office belonged to the Mysore Government's Service.

Ref: Para 1.

3) Reply has also been received from the A.G. on Question No 31 referred to above. He says that no reply is due from him as his dept- has gone over to the Centre from 1-4-50. This would not be correct. Even the other integrated depts have responded to our request, i.e. the Registrar of Trade Marks. The information required is for the period prior to integration, and there is no possibility of getting the information in respect of the Account staff other than by addressing the A.G.

Dear Sir,

Subject:-The Accountant-General being addressed in respect of information required to answer ~~A~~ started questions at the ~~en-~~ sving Legislative Assembly Session.

With reference to the subject indicated above, I write to you as follows:-

During the last two or three days, I have been receiving letters from different branches of the Secretariat ^{asking} ~~asking~~ me to furnish detailed information in respect of questions asked by certain Members of the Legislative Assembly to be answered at the ensuing Session of the Assembly. Looking at the questions and the information sought to be elicited from my office, I wish to bring the following to your notice:-

- 1) I should not have been addressed to furnish information which is already available in, and can be extracted, from published documents like the Civil Lists. The concerned branch of the Secretariat which has to supply the answer to the question will ~~have~~ have to make necessary arrangements to collect the information.
- 2) Some of the question ~~want~~ want the Accountant-General to furnish information regarding the castes of Officers. As the Mysore Civil List is abolished with effect from the Civil List printed on 1-1-1954, if information relating to castes is required for earlier periods, it should be obtained from the Civil Lists pertaining to those periods by the concerned branches of the Secretariat.
- 3) While I am ready to furnish any information that is not in the records accessible to the Secretariat and can be extracted only from the records maintained in the Audit Department, it is to be noted that I can do so only in respect of such items of information as are kept in any one place or register and can be obtained without much difficulty. However I see from the questions that the answers cannot be furnished unless a clerk is appointed as a special duty for this purpose and is made to collect the information.

information from numerous sections, Office/s and registers, etc.. This will take weeks and even months. I regret it will ^{not} be possible for me to undertake this type of work unless the Mysore Government agree to reimburse the cost of the staff placed on special duty for this purpose. By the time the particulars are collected, the Legislative Assembly Session may be over and the trouble taken and money spent may prove to be a waste. In other words, I can give no guarantee regarding the time within which information can be furnished for replying to questions which necessitated a reference to numerous offices, sections and registers.

I am sending copies of this letter to all the Secretaries to Government for information and needful action. Individual replies to the letters received will be sent to them drawing their attention to this letter.

Yours sincerely,

SD/- V.T. Sreenivasan,
